

The Old School

Your event venue in the heart of Knaresborough

The Old School is a part of St. Mary's Catholic Church. The facilities are run by volunteers from the church community who aim to provide a professional service for our clients.

The historic church and buildings dating from 1831, (the school started circa 1850 before moving to its current location) have recently undergone a full £170,000 restoration and redecoration to provide modern, safe, facilities that comply with all current health and safety legislation.

Whether you're organising a wedding reception, business conference, children's party or are simply looking for a great venue for your own business The Old School provides excellent facilities with easy access by road and close to the main train and bus stations.

The Old School is a newly refurbished meeting hall and adjoining rooms which can be utilised individually or together depending on the event. It has the latest PA sound system together with a fully fitted modern kitchen for catering. The venue facilitates meetings and events from just a few individuals to around 120 people.

The rooms are available for one off occasions, may be rented on a regular basis or on an annual contract.
